

HOTEL VILLA PETRUSSE IN LUXEMBURG

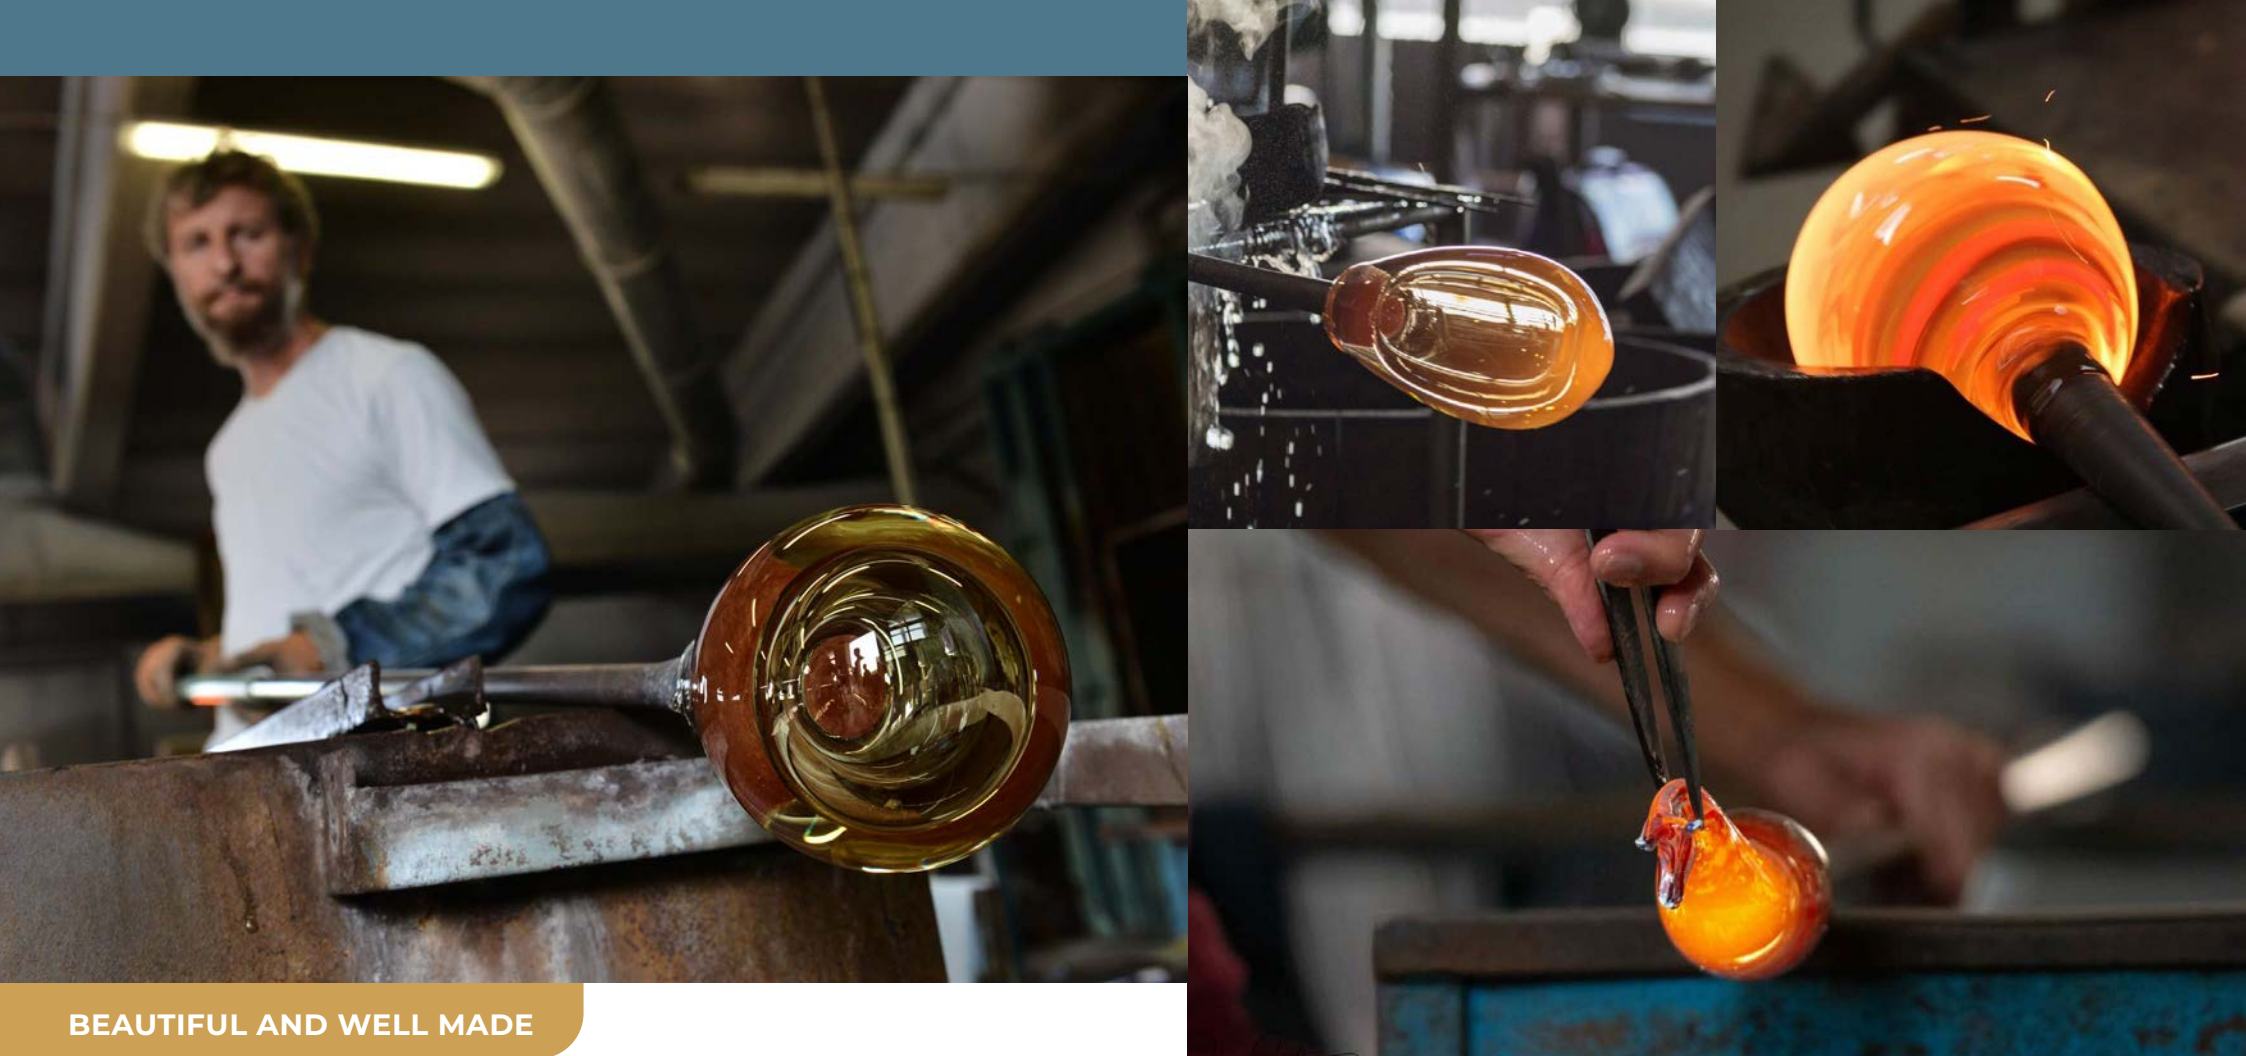

The CAMOU collection, designed for Hôtel Villa Pétrusse in Luxembourg, embodies simplicity, softness, and elegance. Its timeless design allows it to blend harmoniously and respectfully into its surroundings. It reflects craftsmanship in every detail and brings a gentle light to any space. Its hand-blown tinted glass and engraved patinated brass make each light fixture truly unique.

BEAUTIFUL AND WELL MADE

In the products we make we always try to include the best excellences of our territory. The protagonist of the Villa Petrusse Collection is the glass. Artisan glass blown by mouth and hand-worked piece by piece by the master glassmakers of Venice. Even the finishes of the products is an expression of Italian excellence, Tuscan in this case: 4 layers of paint applied by hand with great skill to obtain a uniform effect and great durability.
